### **Terms and Conditions of Office of Global Studies Scholarships:**

Awards vary and are made based on the total amount of scholarship funds available. Students are strongly encouraged to research outside funding sources or participate in individual fundraising, as scholarships alone will not cover the cost of programs.

- All scholarship information is shared with Student Financial Services, per regulations. If your study abroad scholarship affects your financial aid you, will be notified before funds are distributed.
- If you withdraw from the study abroad program for which your scholarship was awarded, those funds will be distributed to other students at the discretion of the Office of Global Studies. If you change programs, the amount of your scholarship will not automatically transfer to pay for your new program. The amount may be reduced or increased based on the cost of the new program and the availability of funds, also at the discretion of the Office of Global Studies.
- Study abroad scholarships are applied to your PLNU student account. No money will be given directly to the student. Students will be required to meet SFS payment deadlines and pay their accounts before the study abroad scholarship is applied.
- Scholarships are for approved PLNU Study Abroad programs only (this includes faculty-led programs).
